

# Effect Aerosol

# Universal Insecticide

# Effect<sup>®</sup>

### Active ingredients:

- Tetramethrin (0.3g/100g);
- Permethrin (0.1g/100g)

### Formulation:

- Aerosol

**Effective insecticide for protection against all types of insects with a threefold effect: instant effect, long-lasting protection and a refreshing and pleasant scent in the treated area.**

An effective aerosol insecticide with a **modern double substance formula** containing two substances causing the **immediate eradication** of pesky insects and via the added repellent, which offers **long-lasting protection** and an insect-free atmosphere. The **pleasant citrus aroma** keeps the pests away and refreshes the area. Does not leave stains on the treated area. Used for the control of flies and mosquitoes, but also effective against moths, midges, mites and crawling insects.

### Advantages:

- Immediate and extended effect
- Safe to use
- Added repellent repels insects
- Freshens spaces with its pleasant scent

### Directions for use:

Spraying for 5 seconds is enough for a 20 m<sup>2</sup> area.

### Packaging:

400 ml, 24 pieces per pack, 1440 pieces per pallet
