

Laminate from Krono Original® – easily mistaken for real wood

Buy laminate flooring for that all-round feel-good sensation

Laminate is an ideal alternative to genuine wooden floors. In the world of Krono Original® laminate flooring, you will find a wide selection of wonderful decors, with an emphasis on the natural look. Laminate has many advantages: it is durable, hard-wearing, and creates a comfortable, feel-good atmosphere in your home.

Quality from Krono Original® laminate flooring

Krono Original® places the emphasis, above all, on achieving a natural look in the production of laminate flooring. Intensive colouring, natural-looking surface structures, a particular brilliance and a feel like real wood make this laminate really stand out. See for yourself: find out more about our broadly diversified range of laminate flooring.

The advantages of a laminate floor at a glance

- hard-wearing: laminate is resistant to impacts, shocks, pressure, scratches and abrasion
- durable and tough: lifetimes of 15 to 30 years.
- heat-resistant: Krono Original® laminate floors are flame retardant.
- lightfast: no discolouration when exposed to sunlight – laminate is resistant to UV light.
- natural: 90% of our laminate flooring is made of sustainable wood.
- allergy-friendly: with a laminate floor, there is no hiding-place for dust and hairs.
- compatible with your heating: our laminate is suitable for hot-water heating and underfloor heating.
- easy to lay: fast and straightforward laying thanks to the Krono Original® [Twin-Clic system](#) and [1clic2go Pure system](#).
