Basic Product Description

Wide range of operating temperatures of between -10 °C to +60 °C. Suited to sensitive devices such as: watches, calculators, backup backlighting, car alarms, pressure gauges, remote controls and others. Extremely long shelf life of up to 10 years.

Technical Description

chemical constitution	lithium
category/series	Lithium
type	CR2025
voltage	3 V
possibility of charging	no
capacity	150 mAh (discharge load 15 kOhm)
dimensions	20.0 × 2.5 mm
weight	2.5 g
operating temperature	-10 °C to +60 °C
max. shelf life	10 years
price for quantity	price per 1 pc
packaging	5 pcs, blister
warranty period	2 years
