(RO) Profilele de colț interior se utilizează pentru îmbinarea suprafețelor finisate cu plăci ceramice, pentru mascarea estetică a marginilor faianței/gresiei tăiate (întâlnirea perete/perete, pardoseală/perete etc.)

(EN) Inner corner profiles are used to join tiled surfaces, thus obtaining aesthetically masked tile edges (wall / wall, floor/wall, etc.). The product is available in a wide range of colors to facilitate a perfect match with the ceramic tiles.

(DE) Inneneckprofile werden zum Anschluss von gefliesten Oberflächen verwendet, um die geschnittene Fliesenkanten ästhetisch abzudecken (Wand/ Wand -oder Boden/Wand-Anschluss usw.).
